Re: No. 89-781 - Reprimand

Dear Judge Alexander:

Having received your signed Proposal for Reprimand, I send this Letter of Reprimand on behalf of the Commission on Judicial Conduct. The Commission feels no further action is now warranted. This Reprimand is public under Commission Rule 19.

The Commission on Judicial Conduct finds a violation of Canon 2 of the Code of Judicial Conduct in your communicating on court stationery with legislators urging their support of legislation on specific social issues which might cast doubt on the court's impartiality. You are cautioned to be careful in the future to avoid violation of the Code of Judicial Conduct.

We thank you for your cooperation.

Sincerely,

Wesley A. Nuxoll
Chairperson
